Dance Xplosion is very excited to have everyone back in the studio to begin another fabulous dance season! We would like to welcome all new dancers and families to the studio. We hope Dance Xplosion exceeds your expectations in what you are looking for in your child's dance studio. Our main objective at Dance Xplosion is to instruct each and every dancer in a positive atmosphere and create lasting memories with new friends. Dancers will learn and improve in the class that is just right for them. We want dancers to learn within their ability, build confidence, and enjoy coming to class each week!

# SUCCESS AT DX

## TWO CLASSES ARE BETTER THAN ONE

*"How many classes should my child take?"*

The answer is it really depends on your child's interest level. Some children respond positively to dance and music, especially in a fun, but structured setting. If your child enjoys taking dance class once a week, adding a second class will be beneficial. Taking more dance classes will build their confidence and dance technique. Ask the front desk for additional class suggestions!

*"where friends become family,  
dreams become reality,  
and exceptional dancers are created"*
